This Policy is designed to ensure that NS Pension meets its obligations in its management and protection of Personal Information throughout the information's life cycle. This includes ensuring the protection of Personal Information by making reasonable security arrangements against such risks as unauthorized access, collection, use, disclosure or disposition.

Principles

1. **Accountability**
 - NS Pension is accountable for all information under the control of NS Pension including information disclosed to Service Providers for processing.
 - The Privacy Officer and the CEO are accountable for compliance with this Policy.
 - External Parties requesting non-public Plan or Fund information will be directed to the CEO who will evaluate the request, respond directly, or consult with the Board and/or the respective Trustee on an appropriate response.
2. **Identifying Purposes of Collection**
 - NS Pension will identify, where reasonable, the purposes for which Personal Information is collected at or before the time the information is collected.
 - The purposes for which NS Pension collects Personal Information will be those that would be considered reasonable given the responsibilities of NS Pension. Such purposes include, but are not limited to, the administration of the Plans, Funds, pensions and benefits of members, pensioners, and their beneficiaries, and communication of information to said parties.
3. **Obtaining Consent**
 - NS Pension will obtain consent of the respective member, pensioner, or beneficiary as required or permitted by law for the collection, use, or disclosure of Personal Information related to that individual, except where inappropriate and in the best interests of the individual (e.g. individual is seriously ill or incapacitated), prohibited by law, or as set out in section five (5), Limiting Use, Disclosure, and Retention, below.
 - The form of the consent may vary depending on the circumstances and the type of Personal Information.
 - Consent is only valid if it is reasonable to expect that the member, pensioner, or beneficiary, to whom NS Pension's activities are directed, understands the nature, purpose, and consequences of the collection, use, or disclosure of the individual's Personal Information. For example, a member, pensioner, or beneficiary's consent is implied in

situations where reasonable expectations are applicable such as enrolment in one of the Plans.

 - the consent of the same member, pensioner, or beneficiary is received
 - required or permitted by law
 - required by a government institution or the member, pensioner, or beneficiary's next of kin or authorized representative if there are reasonable grounds to believe that the member, pensioner, or beneficiary is suspected of, has been the victim of, or is suspected of having been the victim of financial abuse or fraud and where it is reasonable to expect that obtaining the consent from the member, pensioner, or beneficiary for the disclosure would compromise the ability to prevent or investigate the abuse or fraud
 - required by a Service Provider while acting under a duty of confidentiality (e.g. Auditors) or
 - requested by the member or pensioner's current and/or previous employer and under any of the following circumstances:
 - the employer would reasonably have or have had such information on file for the member as part of the employer/employee relationship

 - Requests for access to a member, pensioner, or beneficiary's own Personal Information will be managed by the respective NS Pension manager and/or their designated representative.
